

ALL IN IT TOGETHER – THE DEENA COVER UP

Peeling this onion further as no one else will. Remember, the integrity of the government, media and other leaders (such as the ‘freedom leaders and lawyers’) ties directly to what is happening to Sheila Annette Lewis, residents and visitors to Care Homes, treatment (or lack of treatment) in hospitals, vaccinations, refused ambulance transport and so much more. No matter the truth, covering up the Deena story shows how far these people will go to maintain power and influence, at the cost of everyone. Nothing more than power and money at every level and on every side. Is this really why Sheila Annette Lewis has been sentenced to death?

Government and media lies from the start to cover up the avoidable deaths and now the lies continue for something as simple as hiring a doctor (albeit a controversial one). From AHS to the GoA to the media and NDP official opposition, trust has been broken and this story just adds to that. It would be so easy to address this, but EVERYONE remains silent. Why?

So, what do we know?

Dr. Deena Hinshaw has not been at AHS since 2017 and so could not appear in the Org Chart at AHS at all now. Yet Deena shows as Medical Officer of Health, Indigenous Wellness Core (IWC). IWC didn't exist until mid 2021.

Deena appears in the AHS Org Chart under Dr. Valerie Austen-Wiebe (Senior Provincial Director IWC) and under the current President and CEO of AHS, Mauro Chies (made CEO by Danielle Smith, via her AHS Administrator, John Cowell on March 20th, 2023).

Was this all planned to keep Dr. Deena Hinshaw out of the news until after the election? Did Deena even move to BC?

Danielle Smith fired Dr. Deena Hinshaw on November 14th, 2022 (with more than a year left on her contract so a big severance to add to the huge pay and bonus for the last few years). No real need for Deena to rush back into a job with all that money.

However, Dr. Deena Hinshaw was announced as "temporary deputy health officer" starting on Feb 1st, 2023, but nothing really confirms her moving there. For example, Dr. Deena Hinshaw is still not listed on the BC Provincial Health Office website.

Alberta updated their CMOH page right away to show Mark Joffe, so why not BC?

<https://www.alberta.ca/office-of-the-chief-medical-officer-of-health.aspx>

Mark Joffe was appointed by Danielle Smith as Deena Hinshaw's replacement in November 2022. There are a few red flags with this change. Firstly, Mark Joffe aggressively pushes masks and COVID vaccinations in Health Care, Care Homes and on children to this day. This arguable makes him a worse choice than Deena Hinshaw. In addition, Mark Joffe remains on the payroll of AHS, not the GoA while in the position of CMOH, which is a clear conflict of interest. This is shown in his letters pushing vaccines and masks (and the continuation of masks in Hospitals and Care Homes when even BC has dropped them).

Dr. Jing Hu (Deena Hinshaw's Deputy CMOH who trained in Wuhan China) resigns on December 8th, 2022. Dr Hu, who made more than Dr. Deena Hinshaw in 2020-2021 (including bonuses). Dr. Hu then moves to BC and is listed as an MOH there. Maybe everyone was confused between Hu and Hinshaw as to who moved to BC...

Despite Dr. Deena Hinshaw having a February 1st, 2023 start date in BC, February 16th, 2023 Dr. Deena Hinshaw is in the Calgary region where she was given the indigenous name, Ksiistsikom'aakii (Thunder Woman) by the Blackfoot Tribe. Was she late for work that day?

<https://siksikahealth.com/2023/02/16/dr-hinshaw-visits-siksika-health-services/>

This alleged move and ceremony were right at the time the MOH of IWC job posting was created. This is the position that Dr. Deena Hinshaw was given based on the verified memo from June 1st, 2023. This memo gave Dr. Deena Hinshaw a start date of June 5th, 2023.

Was this all a disgraceful political stunt using the Indigenous people, or was Dr. Deena Hinshaw hired and now we have a cover up?

It would take a lot to set this up as a "FAKE" (according to Keeane Bexte and the Premier's Office). That would have involved IWC management, AHS executives, AHS IT and AHS Human Resources and more. The cost for a 'joke' (on AHS, the Indigenous People and Albertans in general) would be a criminal waste of resources and would need to be investigated. However, if this is a cover up by the government to try and save face from AHS hiring Dr. Deena Hinshaw, then the cost is even greater as that involves the Media, AHS, the Official Opposition, Freedom Movement leaders and a whole lot of money including another severance package for breach of contract going to Dr. Deena Hinshaw.

Which lie is worse? Both are criminal malfeasance at least.

Oh, and to (almost) end on a lighter note. In a truly Matrix turn of events, the BC Dr. of Indigenous Health with whom Dr. Deena Hinshaw would have been working is called... Dr. Daniele Smith. You just can't make this stuff up!
