LIES, DAMNED LIES AND SADISTICS

WITH DAVID DICKSON

Episode 42

Danielle Smith Townhall

<https://avoidabledeathawareness.com>

"Will you commit to actually setting up a meeting with the police chiefs to have this investigated?"

- Preamble Information for the question:
- Monkey Pox Shots – We have had them since 2022
- Prosecutors - Danielle scared of the RCMP and NDP
- COVID (response) isn't over
- COVID Stats – Alberta Update August 15th, 2024
- Danielle Smiths Communication in 2021 - Adverse Events
- Lockdowns = Outbreaks
- Derek Fromm – Peter McCullough – Early Treatments (none)
- 40,000 excess deaths
- Informed Consent - Absent
- Alberta COVID figures – manipulated
- 176 flu deaths, 702 'COVID' deaths (*August 28th August 10th, 2024*)
- A Tale of Two Health Ministers
- Preston Manning's report
- Swapping out vaccines, prefilling syringes
- Justice Ministers Chief of Staff
- Meeting 2023 cancelled
- Question.

LIES, DAMNED LIES AND SADISTICS

WITH DAVID DICKSON

Episode 42

Danielle Smith Townhall

<https://avoidabledeathawareness.com>

"Will you commit to actually setting up a meeting with the police chiefs to have this investigated?"

- Premier Smith's response:
- 16.9% taken XBB shot without informed consent since October 16th, 2024
- *"Whatever you think is not getting out, is getting out"*
- *People are looking at the details, the facts and they're making the decision that makes the most sense to them.*
- *Over 65 – 50-60% so 40% are not taking it.*
- ***"No one is forced to take a vaccine"***
- ***"the information is out there"*** ***"People are making their own choices"***
- *Danielle Smith is not removing or even pausing the COVID vaccines for any age.*
- *Previous government banned use of alternative therapeutics.*
- *Doctor not politicians should make decisions...*
- ***"My job is to make sure the people have the information to make a choice"***
- *Will look into Care Homes – Jason (Sky Palace) Nixon.*
- *Care Home Lockdowns - "If that is the case"*
- *Should not test unless symptomatic*
- *Testing everyone in hospital – TWO YEAR AFTER DANIELLE WAS ELECTED*
- *"May have had COVID"*
- *Counting people as COVID for 60 days – MOVING TO 14 DAYS.*
- *Influenza is worse than COVID – so we will move to treat COVID more like influenza!*
- *Not going to have MASS lockdowns or MASS mandates or vaccine passports.*
- *Not going to have Mask Mandates.*

Alberta CMOH 3:56 PM · Jul 28, 2022 – Twitter Post

"Albertans 18 and older who self-identify as meeting the eligibility criteria for targeted prevention prior to exposure can now receive the monkeypox vaccine."

A screenshot of the Alberta government website news page. The page is dated July 28, 2022, and features a large blue header with the date "August 18th, 2024" in white. The main headline reads "Alberta expands monkeypox vaccine eligibility | L'Alberta élargit l'admissibilité au vaccin contre la variole simienne". Below the headline, a sub-headline states: "Starting July 28, Albertans 18 and older who self-identify as meeting the eligibility criteria for targeted prevention prior to an exposure can get the monkeypox vaccine." At the bottom of the page, there is a section titled "On this page:" with several links: "Vaccine eligibility", "Protection against monkeypox virus", "Booking immunization appointment", "Related information", "Admissibilité au vaccin", "Protection contre le virus de la variole simienne", "Prise de rendez-vous pour la vaccination", "Informations connexes", and "Translations". The website's navigation bar at the top includes "All services", "Public engagement", "Initiatives", "News", "About government", and "Jobs".

Episode 42

Danielle Smith Townhall

<https://avoidabledeathawareness.com>

Premier Danielle Smith

The NDP called the RCMP and asked them to investigate her for a call with Artur Pawlowski.

Danielle Smith is clearly scared the NDP might call the RCMP again and they might knock on her door.

The Premier of Alberta has just given ALL the power to the NDP and Federal Government by publicly declaring she is scared of them.

However, Premier Smith and her government is covering up COVID crimes. Failing in a duty of Care. Allowing fraudulent information to be presented to the Alberta Population ensuring a lack of informed consent making every COVID shot taken a criminal assault.

Premier Smith should be worried about that – but she isn't.

WHY?

Because she knows on COVID Crimes – they are ALL IN IT TOGETHER

Alberta - mRNA ALL THE WAY

Alberta Health Services Consent for COVID-19 Immunization

Person Being Immunized
Name (Last, First, Middle)
Date of Birth (dd-Mon-yyyy) Personal Health Number

Consent
I confirm that I have read the attached COVID-19 vaccine information.

- I know about and understand the risks, benefits, and common side effects of this vaccine.
- I know I can contact my local public health or community health centre or call Health Link at 811 if I have any questions. At the time of signing this form, I have no questions about this person getting this vaccine.
- I understand this consent is for all doses of the vaccine.
- I will contact my local public health or community health centre or the healthcare provider giving the COVID-19 vaccine before this person gets any dose if:
 - their health changes
 - they have a severe or unusual side effect after getting the COVID-19 vaccine (other than the expected side effects listed on the COVID-19 vaccine information sheet)
- I understand the information I have been given.
- I confirm that I have the legal authority to consent to this person's immunization.

I consent to this person getting (choose one only):

- Either the Moderna SpikeVax XBB.1.5 or the Pfizer-BioNTech Comirnaty XBB.1.5 mRNA COVID-19 vaccine (Depending which vaccine is recommended for this person at the time of their immunization)
- Moderna SpikeVax XBB.1.5 mRNA COVID-19 vaccine (for ages 6 months and older)
- Pfizer-BioNTech Comirnaty XBB.1.5 mRNA COVID-19 vaccine (for ages 5 years and older; may not be available at all sites)
- Novavax Nuvaxovid XBB.1.5 protein-based COVID-19 vaccine (for ages 12 years and older)

I understand that I may withdraw (take back) this consent at any time by calling the local public health or community health centre or healthcare provider giving this vaccine.

Alberta - Original Covid Vaccine Rollout vs. XBB vaccine rollout

Danielle Smith's government extended the double bonus payments to Pharmacies until the end of December 2023. This created a huge incentive to turbo charge the XBB rollout in the worst way possible AGAINST NACI recommendations and without INFORMED CONSENT. i.e. with the flu vaccine and after 3 months not 6 months as required by the manufacturer and NACI guidelines.

This resulted in more than 7 times the uptake in the first 60 days vs. the original vaccine.

Over 93% of XBB doses were given under the expanded pharmacy financial incentives program.

JULY 2024 - <https://www.albertahealthservices.ca/assets/healthinfo/ipc/hi-ipc-contact-and-droplet-sign.pdf>

CONTACT & DROPLET PRECAUTIONS

CLEAN YOUR HANDS WHEN ENTERING AND EXITING ROOM

STAFF and VISITORS

VISITORS:

PLEASE CHECK WITH Nursing Staff BEFORE entering room.

VISITORS to wear facial protection in ROOM.

GOWN AND GLOVES if assisting with care.

PATIENTS Upon leaving ROOM (FOR ESSENTIAL PURPOSES ONLY)

(PROCEDURE MASK, CLEAN GOWN/ CLOTHES AND HANDS)

Any suspected or confirmed respiratory virus infection = N95 respirator or procedure mask (based on Infection Prevention and Control Risk Assessment) + eye protection + gloves + gown

Any suspected or confirmed respiratory virus infection + Aerosol Generating Medical Procedure (AGMP) = N95 Respirator + eye protection + gloves + gown

SINGLE ROOM RECOMMENDED WITH DEDICATED EQUIPMENT

July 2024

For more information contact ipc@rvstadmin@ahs.ca

CONTACT & DROPLET PRECAUTIONS

Acute Care
Use in Addition to Routine Practices

Additional Information

- As per the [Joint Statement](https://www.albertahealthservices.ca/assets/news/nr/ne-nr-2020-03-27-joint-statement-covid-19.pdf) (https://www.albertahealthservices.ca/assets/news/nr/ne-nr-2020-03-27-joint-statement-covid-19.pdf): "There may be situations where a health care worker, based upon their PCRA or their assessment of all known and foreseeable risks and hazards, may choose to wear a medical mask instead of an N95 respirator." [Exception: Always use fit-tested N95 respirator for patient with suspected or confirmed viral respiratory infection with current or anticipated AGMP.]
- Single room recommended.
- Door may remain open.
- Clean your hands before and after wearing gloves.
- Maintain a distance of at least 2 metres between patients.
- Dedicate equipment to the isolated patient or clean and disinfect shared equipment after use.
- Soap and water recommended for hand hygiene when providing care of patient's diarrhea and/or vomiting after removing gloves instead of Alcohol-Based Hand Rub. (AHS Hand Hygiene Procedure, June 2017)
- Patient to leave room only for essential purposes.
- If patients are leaving the room they should be cognitively intact or supervised, have clean hands and clothing, be masked, and any drainage and/or body fluids contained.

Common Organisms Requiring CONTACT/DROPLET Precautions (not all inclusive)

- Adenovirus
- Enterovirus
- Metapneumovirus
- Influenza
- Parainfluenza
- Respiratory Syncytial Virus (RSV)
- Rhinovirus
- SARS-CoV-2 (COVID-19)
- Invasive Group A Streptococcus
- Norovirus (vomiting +/- diarrhea present)

Remember!

Any suspected or confirmed respiratory virus infection + Aerosol Generating Medical Procedure (AGMP) = N95 Respirator + eye protection + gloves + gown

If a patient is suspected or confirmed to have a viral respiratory infection and AGMPs are required (including but not limited to intubation, open tracheal suctioning, CPR, bronchoscopy, sputum induction, BiPAP, high frequency oscillatory ventilation, tracheostomy care, aerosolized medication administration; see [AGMP Guidance Tool](https://www.albertahealthservices.ca/assets/healthinfo/ipc/hi-ipc-agmp-guidance-tool.pdf)), then a fit-tested N95 respirator is to be worn (not a procedure mask).

THE TALL TALES OF TWO MINISTERS OF HEALTH

From: Health Minister <Health.Minister@gov.ab.ca>
Sent: Wednesday, April 19, 2023 3:31 PM
To: David Dickson <david.dickson@dksdata.com>
Cc: DraytonValley.Devon@assembly.ab.ca
Subject: COVID-19 Data and Masking

R 209982

Dear David Dickson:

Mark Smith, MLA, Drayton Valley-Devon, forwarded your correspondence regarding COVID-19 data and masking practices in the province. As Minister of Health, I appreciate the opportunity to respond on behalf of the Government of Alberta.

Regarding your query about COVID-19 data, cases are listed based on the date that laboratory results are reported to Alberta Health. On the COVID-19 Alberta Statistics [dashboard](#), Figure 8 (under the "Severe Outcomes" tab) displays information about the number of deaths based on the date of death reported to Alberta Health. As noted in the [data notes](#), numbers may fluctuate as case information is updated.

With respect to masking practices in the province, all remaining Alberta Chief Medical Officer of Health COVID-19 orders were lifted on June 30, 2022. Alberta Health Services (AHS) has maintained its own masking policies in AHS-operated and contracted facilities. AHS continues to review and evaluate these policies in an effort to balance the safety and preferences of patients, staff, and visitors. For more information, please refer to the [AHS Use of Masks During COVID-19 Directive](#).

Thank you again for writing.

Sincerely,

Jason Copping
Minister of Health

cc: Mark Smith, MLA, Drayton Valley-Devon

The "truth" according to Alberta Health Minister Jason Copping.

<https://dksdata.com/AlbertaDead>

From: Health Minister <Health.Minister@gov.ab.ca>
Date: February 27, 2024 at 3:47:13 PM MST
To: [\[redacted\]](#)
Cc: "Morinville-St. Albert" <Morinville.StAlbert@assembly.ab.ca>
Subject: Continuing Care Outbreak Requirements

AR 217817

Dear [redacted]:

Honourable Dale Nally, MLA for Morinville-St. Albert, forwarded your letter to Premier Smith and me, regarding COVID-19 outbreak requirements in continuing care homes. As Minister of Health, I appreciate the opportunity to respond.

Alberta lifted the remaining Chief Medical Officer of Health pandemic-related Orders on June 30, 2022. Now that we are following a more routine approach to disease management for COVID-19, Alberta Health Services (AHS) has incorporated guidance and requirements into their [standard operating policies and procedures](#) for infection prevention and control for all communicable diseases. This helps to ensure that the most appropriate level of protection is in place for residents if there is an outbreak at their site.

In alignment with pre-pandemic practice, outbreaks in continuing care homes are managed by the AHS Zone Medical Officer of Health, who works in collaboration with the home's administration to determine the appropriate management strategies and protocols. This may include isolating symptomatic residents, continuous masking and eye protection, limiting group activities, and enhanced cleaning protocols. AHS encourages site administration to manage outbreaks on a unit or floor basis to limit disruptions to residents in other areas of the building.

Alberta's government continues to emphasize the need to protect residents in continuing care from multiple health risks, including the direct risk of respiratory illness and the health risks of social isolation and disconnection that you mentioned. As these risks sometimes compete, there is no single, straightforward path to address all needs and preferences simultaneously. We continue to work with operators, residents, families, staff, and other key stakeholders to seek the right balance.

Regarding your questions about the reporting of COVID-19 deaths, you may be interested in the information provided by the Government of Alberta about [severe outcomes from COVID-19 and seasonal influenza](#). The dashboard also includes the [definition](#) that the government uses when reporting a death from COVID-19 or influenza.

Thank you for writing, and please accept my best wishes for your wife's health.

Sincerely,

Adriana LaGrange
Minister of Health

cc: Honourable Dale Nally, MLA, Morinville-St. Albert

"Will you commit to actually setting up a meeting with the police chiefs to have this investigated?"

Alberta CMOH official policy on the use of pre-filled syringes for COVID Vaccines in 2021
"immunizers must:"
"Only administer the COVID-19 vaccine that they have drawn up and labelled themselves"

Prefilled syringes during the COVID shot rollout were prepared improperly and in many cases by untrained staff. This was reported to UNA, Colleges, and AHS. This was against College requirements and CMOH directions during 2021. Any and all COVID vaccinations given during that time using a pre-filled syringe by AHS or Pharmacies would be considered **without** informed consent. This makes every single shot given within those criteria a reportable assault.

The Union (UNA), Colleges and AHS buried this information in 2021/2022. This was later reported to Freedom Lawyers in Alberta who again buried this information along with AHS and a nursing college in 2021/2022.

In 2023 this was brought to the attention of the Chief of Staff of the Alberta Justice Minister. He buried this information. The UCP Chief Whip, Justice Minister, Health Minister, Public Safety Minister among others are all aware of this practice and have buried this information as part of a conspiracy to commit an obstruction of Justice. All MLA's in Alberta are aware of this (on both sides of the aisle). None have done anything.

In 2024 EPS was directly informed of this and the Head of Internal Legal services at EPS specifically refused to have EPS investigate this mass assault on the population of Alberta despite having direct evidence of it.

It is now urgent that anyone who was part of the zoom call with UNA (or filed a complaint with a college, AHS or their union), used a prefilled syringe and/or has any information on the direction given to use prefilled syringes that they did not draw themselves contact me immediately.

<https://onehealth.ca/Portals/1/2021-02-04%20Prefilled%20Syringes%20COVID-19%20Immunization%20-%20Final.pdf>
<https://open.alberta.ca/dataset/58d31634-61d9-469d-b95f-f714719b923e/resource/3b73d911-8a68-444f-958e-87fd54e88a9/download/prefilled-syringes-covid-19-policy.pdf>

"Requirements

In addition to the Alberta Immunization Regulation, regulatory and employer requirements, **immunizers must:**

- Label the prefilled COVID-19 vaccine syringe with the vaccine type, vaccine lot number, and date and time the vial was first punctured and/or reconstituted, and
- **Only administer the COVID-19 vaccine that they have drawn up and labelled themselves.**

CARNA, CLPNA and CRPNA have been informed of this interim policy. It is the regulatory colleges' expectation that all regulated members must follow public health advice and guidance set out by the Chief Medical Officer of Health (CMOH), under the Public Health Act during this declared state of public health emergency. Regulated members are encouraged to contact their regulatory body with any Standard of Practice related questions."

[https://www.ab.bluecross.ca/pdfs/Off-Site-Pre-Filled-Syringes-\(PFS\)-for-small-groups.pdf](https://www.ab.bluecross.ca/pdfs/Off-Site-Pre-Filled-Syringes-(PFS)-for-small-groups.pdf)
<https://www.ab.bluecross.ca/pdfs/Off-Site-Pharmacy-Immunization-Policy-APPROVED.pdf>

"In addition to the Alberta Immunization Regulation, regulatory and employer requirements, immunizers must:

- Label the prefilled COVID-19 vaccine syringe with the vaccine type, vaccine lot number, and date and time the vial was first punctured and/or reconstituted, and
- **Only administer the COVID-19 vaccine that they have drawn up and labelled themselves.**

Individuals who are to receive COVID-19 vaccine from a PFS must provide informed consent:"

"Suggested informed consent script:

"Due to challenging vaccine storage and handling requirements, the best way to transport the vaccine to your home is in a prepared syringe. It is important to understand that transporting the vaccine this way has not been broadly studied and there is limited data regarding the stability of the vaccine transported in this way. Would you like to proceed with receiving an immunization from a prepared syringe for COVID 19 vaccine?"

David T. Dickson – DKS DATA

March 25th, 2024
Chief **Redacted**
Police Headquarters
9620 - 103A Avenue,
Edmonton, Alberta, Canada
T5H 0H7

By Registered Mail and Direct Email.

Dear Chief **Redacted**

My name is David Dickson. I am a retired UK Police Officer (residing in Alberta since 1995).

The matters below are far more complex than can be adequately explained in this letter. As a result, I respectfully request an urgent meeting with yourself and any appropriate officers. From there, I would be able to provide all relevant material, details of witnesses and any additional assistance where I can.

As you will see from the included information, this could not be handled by walking into the front desk of any police station due to the parties involved and the seriousness of the offences. I have tried to elevate this matter through all official channels. However, as of this time, that has exposed further malfeasance, obstruction, and what I believe to be ongoing criminal activity.

1. Obstruction of Justice and destruction/withholding of critical evidence of significant crimes against the person.
2. Manipulation of official government records to support offences against the person.

I have a large body of evidence to support the below but feel this requires discussion and presentation in a more secure and appropriate setting.

Obstruction of Justice and destruction/withholding of critical evidence of significant crimes against the person.

On or around April 5th, 2023, I was contacted **Redacted** employed as a nurse by AHS during COVID. This contact related to an article published online by then JCCF freedom lawyer (and current Chief of Staff to the Alberta Justice Minister), **Redacted**.

<https://www.jccf.ca/professional-misconduct-accusations-withdrawn-against-nurse-who-shared-information-about-covid-19-vaccinations/>

This article appeared to indicate some serious concerns related to the COVID vaccine rollout that were being hidden from the public and thus would contribute to a willful lack of Informed Consent related to medical interventions. These would not only be offences under the relevant health legislation but

"Will you commit to actually setting up a meeting with the police chiefs to have this investigated?"

- Premier Smith's response:
- 16.9% taken XBB shot without informed consent since October 16th, 2024
- *"Whatever you think is not getting out, is getting out"*
- *People are looking at the details, the facts and they're making the decision that makes the most sense to them.*
- *Over 65 – 50-60% so 40% are not taking it.*
- ***"No one is forced to take a vaccine"***
- ***"the information is out there"*** ***"People are making their own choices"***
- *Danielle Smith is not removing or even pausing the COVID vaccines for any age.*
- *Previous government banned use of alternative therapeutics.*
- *Doctor not politicians should make decisions...*
- ***"My job is to make sure the people have the information to make a choice"***
- *Will look into Care Homes – Jason (Sky Palace) Nixon.*
- *Care Home Lockdowns - "If that is the case"*
- *Should not test unless symptomatic*
- *Testing everyone in hospital – TWO YEAR AFTER DANIELLE WAS ELECTED*
- *"May have had COVID"*
- *Counting people as COVID for 60 days – MOVING TO 14 DAYS.*
- *Influenza is worse than COVID – so we will move to treat COVID more like influenza!*
- *Not going to have MASS lockdowns or MASS mandates or vaccine passports.*
- *Not going to have Mask Mandates.*

Well folks - it looks like we finally got some vaccine choice. 5000 doses of J&J have arrived in Alberta with 15000 to follow, and more if there is demand.

Remember there is an elevated risk of blood clots for women under age 50, so when I took it my doc recommended 30 days of aspirin and co-enzyme Q-10 to mitigate against potential side effects. Please consult your doctor for advice.

You can make a J&J appointment by calling 811 in Alberta. Let me know if you have success.

And we now also have monoclonal antibody treatment if you get hospitalized to help with recovery. This is the treatment Gov Ron DeSantis has been promoting for months.

The last missing piece is an early outpatient treatment protocol. Don't worry I'm still working on that. We have a two track option: we are pursuing a legal challenge against the College of Physicians and Surgeons and we are attempting to get a clinical trial so doctors can enroll and prescribe legally during the fall respiratory virus season.

Sorry things move so slowly but we are making progress.

HOW MANY HCP's TOOK HER ADVICE?

October 10, 2021 by Danielle Smith, Organizer

I went to Phoenix, but I would have gone to San Francisco if I'd known this option was available. You have to get tested on the way out and the way in. If you do a quick turnaround you can get away with just one PCR test. If you can do some business while you are down there you can qualify for an exemption. If you don't qualify, your choices are to stay down there for 2 weeks until your job is "valid" or come back and quarantine for 14 days.

Here we go. This is what my listener did:

I did 72-hours ON-SITE TESTING** Rapid PCR Test \$195 Covid test at the Accurate Covid-19 Testing - PCR Test - Numi Health. The test was taken at 9:00 a.m. The result came by e-mail same day before 5:00 p.m. This test is accepted by US and Canada. (*My note – the \$40 Rapid Test from Shoppers Drug Mart will work to get into the US, but you need the more expensive PCR test to get back. My listener wanted to do a fast turnaround so she got the PCR that allowed her to do a quick turnaround with a single test.)

On the next day, I flew to San Francisco, took care of the personal business, and stayed in the hotel overnight.

On the next day before I checked-in to my flight back to Canada, I stopped by the clinic at the airport in International Terminal Level 3 Departure Hall.

Totally agree. I'm convinced I had it last March when it was impossible to get a test. There will be a reckoning after this. No wonder the pharma companies were shielded from liability.

Those stats are telling. Keep the updates coming, D

Sent from my iPhone

Part of the stats sent to Danielle in 2021. UK ONS DATA

In the UK between 1997 and 2003 there were a total of 130 reports of anaphylaxis following ALL immunisations.

ONS UK	Vaccines	Deaths	Injuries	Per month Reactions	Per month Deaths
AZ	548,495	627	3,5	156,713	179
Pfizer	143,034	334	3,5	45,807	95
Other	3,611	12	3,5	460	3
Total	695,140	973	3,5	198,040	278

Danielle Smith - October 2021. Vaccinated in the US. Has a \$100K Go Fund Me for the J&J (same as the AstraZeneca vaccine but a double strength dose). How many people followed her 'advice' and got vaccinated for a job? How many were injured? I've fielded several emails from people asking how to get the J&J job. So if you want to add your name to the chorus of people asking for a delay, I will post my letter when we send it and I invite you to ask for the same.

But I don't have much faith the government will delay the enforcement of their draconian health orders so for those who want to try to get the J&J before the October 25 compliance date, I'll reprint the best advice here, because it is the simplest way to get the shot in the meantime but for heaven's sakes, it shouldn't be this hard or this costly.

I went to Phoenix, but I would have gone to San Francisco if I'd known this option was available. You have to get tested on the way out and the way in. If you do a quick turnaround you can get away with just one PCR test. If you can do some business while you are down there you can qualify for an exemption. If you don't qualify, your choices are to stay down there for 2 weeks until your job is "valid" or come back and quarantine for 14 days.

Province of Alberta
Order in Council

O.C. 080/2020
MAR 17 2020

ORDER IN COUNCIL

Approved and ordered:

Lois Mitchell
Lieutenant Governor
or
Administrator

WHEREAS the Chief Medical Officer of Health has provided advice to the Lieutenant Governor in Council under section 52.1 of the Public Health Act that a public health emergency exists due to the presence of pandemic COVID-19 in Alberta;

WHEREAS the Chief Medical Officer of Health has provided advice to the Lieutenant Governor in Council that there is a significant likelihood of pandemic influenza due to the presence of pandemic COVID-19 in Alberta;

WHEREAS under section 52.8(1)(a) of the Public Health Act an order made in respect of pandemic influenza has effect for 90 days; and

WHEREAS the Lieutenant Governor in Council is satisfied that as a result a public health emergency exists and prompt co-ordination of action or special regulation of persons or property is required in order to protect the public health;

CHAIR

THEREFORE the Lieutenant Governor in Council declares a state of public health emergency in Alberta due to pandemic COVID-19 and the significant likelihood of pandemic influenza.

This is Exhibit "A" referred to in the Affidavit of
Redacted

My Commission Expires December 21, 2024

ALBERTA
HEALTH
Office of the Minister
MLA, Calgary - Acadia

M.O. 608/2020

WHEREAS COVID-19 is a communicable disease as defined in the *Public Health Act* (the Act) that is being transmitted to persons;

WHEREAS I have received advice from the Chief Medical Officer of Health that COVID-19 presents a serious threat to public health;

WHEREAS I can make an order under section 15.1 of the Act, on the advice of the Chief Medical Officer of Health, specifying that any provision of the Act and its regulations are applicable in respect of a particular disease, if I am satisfied that the disease presents a serious threat to public health; and

WHEREAS I am satisfied that COVID-19 presents a serious threat to public health;

THEREFORE, I, TYLER SHANDRO, Minister of Health, pursuant to section 15.1 of the Act, do hereby order that:

- the provisions of the Act relating to communicable diseases apply to COVID-19;
- section 52.21 of the Act applies to COVID-19 where the pre-conditions set out in the section 52.21(1) are met, as if COVID-19 was pandemic influenza;
- COVID-19 is a communicable disease prescribed for purposes of section 20(1), 22(1), 23(a)(i) and 24 of the Act, and COVID-19 is deemed to be a notifiable communicable disease within section 6(1) and Schedule 1 of the *Communicable Diseases Regulation* (the Regulation);
- COVID-19 is a communicable disease prescribed for purposes of sections 39(1), 44(1) and 47(1) of the Act, and COVID-19 is deemed to be a disease for which a certificate, isolation order or warrant for examination may be issued within section 6(3) and Schedule 3 of the Regulation;
- COVID-19 is a communicable disease for purposes of section 29(2) of the Act, and COVID-19 is deemed to be a pandemic influenza within section 8 and Schedule 4 of the Regulation.

DATED at Edmonton, Alberta this 20 day of March, 2020.

So, what is the 'Truth'

There is no My Truth.
There is no Your Truth.
There is no Their Truth.

There is only THE TRUTH!!!

And the only way we get to it and hold people accountable for what they did is to have a full forensic investigation, not a government cover up.

Give me a few good police officers, and my selection of tech investigators and I will have arrests within the week.

So, a call out to my Police Colleagues, old and new.

TIME IS UP – DO YOUR JOB!
